

You are a senior SaaS designer, conversion optimization specialist, and SEO expert.

Redesign and generate a complete production-ready landing page for TubeScout.

IMPORTANT:

Keep the exact visual style of the current website using a **White, Red, and Black color palette**:

- Pure white background (#FFFFFF)
- Black typography (#000000)
- Red primary CTA and accents (#FF0033)
- Large whitespace
- Rounded cards
- Modern SaaS feel
- Inspired by Linear, Stripe, Notion, and Vercel
- No gradients
- No flashy effects
- Premium and trustworthy
- High contrast for accessibility
- Consistent white-red-black branding throughout the site

Goal:

Increase trust, improve SEO, increase conversions, and make visitors immediately understand what TubeScout does.
